By the Associated Press
Japan's big air base at Salamaua, New Guinea, appeared on the verge of falling today as American and Australian troops advanced almost to the edge of the enemy-held airdrome and Allied siege guns blasted the town of Salamaua itself two miles farther north.

Dispatches from the New Guinea battlefield, delayed 36 hours in transmission, said Allied ground forces were storming the rim of the airdrome, with the Japanese slowly retreating under heavy artillery fire.

Gen. Douglas MacArthur's headquarters said yesterday the Allies were within one mile of the southwest end of the airdrome.

In the skies, Allied heavy and medium bombers flying in greater force than ever before in the southwest Pacific war theatre sent 150 tons of explosives crashing on Salamaua's supply base at Hansa Bay, 200 miles up the New Guinea coast.

Nearly 100 U. S. Flying Fortresses, Liberators and Mitchells, escorted by fighters, set off tremendous explosions, sank a 6,000-ton freighter, wrecked 45 barges and destroyed ground installations.

On the right flank of the Allies' 750-mile offensive arc, dispatches said the siege-bound Japanese garrison at Bairoko Harbor on New Georgia island was beginning to wilt under the steady pounding of American field guns and the pressure of slowly advancing U. S. infantrymen.

Meanwhile, Tokyo had reason to keep a nervous eye on Washington today as Vice Admiral Lord Louis Mountbatten, Britain's famed commando chief and new Allied supreme commander in southeast Asia, conferred with U. S. military leaders to chart a British-American "squeeze play" against Japan.

A four-fold objective was reported under discussion: Reopen the Burma Road, China's disrupted lifeline of war supplies; unshackle southern Asiatic ports from enemy control; dominate the China Sea, and greatly augment Allied air power in China.

Mountbatten will probably leave Washington tonight or tomorrow, and after a trip to London will confer with China's Generalissimo Chiang Kai-Shek at Chungking.

Army Aviators
Account For
Ten Nazi Subs

New York, Aug. 27.—(P)—At least 10 German U-boats were sunk or damaged recently in 13 air-sea battles between U. S. army air forces B-24 bombers patrolling far out into the ocean, the AAF's anti-submarine command announced today.

The anti-submarine command said five submarines were believed to have been sunk and five damaged, and three were forced under water and thereby prevented from attacking nearby Allied shipping.

None of these battles has been reported previously, the anti-submarine said.

B-24's specially equipped for anti-submarine warfare flew as far as 1,000 miles from their home bases to battle the submarines, the command said, and all returned safely, although five of them were subjected to severe anti-aircraft fire from the U-boats.

The statement did not say how many planes were involved in the night and gave no dates.

Gasoline Dealt Double Blow

Washington, Aug. 27.—(P)—The ban on pleasure boating and on-furlough gasoline for members of the armed services in the east will be lifted September 1.

Washington, Aug. 27.—(P)—Hopes of the nation's motorists for more gasoline especially in the east, were dealt a double blow today.

"Tear Japan Apart Before
She Organizes" Counsels Lt.
Gen. DeWitt After Inspection

By EUGENE BURNS
An Advanced Aleutians Base, Aug. 27.—(P)—Lt. Gen. John L. DeWitt, back from an inspection trip to Attu Island—the westernmost point of his command—is determined that "we must carry the war to the Japanese; we must wade in and tear Japan apart, and dynamite and gut her with incendiaries."

Japan must be hit with the full offensive fury of the United Nations—and quickly, the chief of the army's western defense command emphasized.

"Our future—yours, mine and every other American's—is first upon the Pacific," he declared in an interview. "Japan is our mortal foe."

Bold and determined fighting, General DeWitt said, won for Japan most of her early war objectives.

"Since then," he continued, "she has had a year to pour concrete into her gun positions, which cover all the beach landings. She is today training armies from overrun peoples. She is pillaging the richest empire in the world to make guns and bullets to fight us."

"Today we have only Japan to fight. If we wait for Japan to organize the countries she has overrun, we will be fighting the most heavily manpowered nation in the world, and one of the most resourceful."

"We must not allow Japan time to indoctrinate these conquered people. We must not let her dip deeper into her rich treasures. Alaska is the base from which to launch an offensive. Today we have a chain of bases extending from San Francisco to Attu to carry out Tokyo's ultimate destruction."

At the same time, DeWitt contended, the Philippines should be recaptured to cut across the Japanese supply lines while aid is speeded up to China.

By such a multiple-pronged offensive against Japan, the general predicted, "we can smoke out her fleet and force her ships to fight; we can chase their tinian Zeros into the air or we will wreck them in their retreats."

Referring to the approximate distance between American Aleutian bases and Japan's northernmost base at Paramushiro, DeWitt declared:

"Successful bombing cannot be done when you are still 750 miles from your target and your planes must fly 1,500 miles. One heavy bomber based within 250 miles of a target is worth five bombers 750 miles away."

"To bomb Japan's homeland bases effectively, we must wrench base after base from the Japs."

PITTSBURGH DISTRICT
BUSINESS INCREASES

Pittsburgh, Aug. 27.—(P)—The University of Pittsburgh today reported that business in the Pittsburgh district last week advanced to near-record levels because of pronounced counter-seasonal in retail sales.

The business index stood at 175.0 per cent of the 1939 average, one point below the February peak of this year.

Sweden Will

To Germany

Stockholm, Aug. 27.—(P)—The Swedish foreign office announced today that a protest to the German government was being drafted, shortly after a communiqué stated two German minesweepers had sunk two Swedish fishing boats without warning.

The latest protest, the second in 10 days demanding that Germany halt her attacks on Swedish commercial and military interests, will be presented shortly, it was said.

The 12 crew members aboard the two boats were presumed to have been lost in the attack on five Swedish craft in international waters off the northwest coast of Denmark two days ago.

Armour Has

Career Diplomat Mentioned as Possible Successor to Welles

REQUIREMENTS STRICT

By RICHARD G. MASSOCK

Washington, Aug. 27.—(P)—Norman Armour, ambassador to Buenos Aires and a career diplomat, appears to have the inside track in the field of possible successors to Undersecretary of State Sumner Welles, when and if Welles' resignation is announced.

Breckenridge Long, assistant secretary of state, has strong congressional backing, associates said today, but an man with more diplomatic experience is expected to be the ultimate choice.

There had been wide-spread speculation in Washington that Welles, despite his rift with Hull, might go on missions to South America or Moscow as President Roosevelt's personal representative. There were authoritative reports today, however, that Welles definitely was out of the diplomatic picture as the likelihood of a future assignment was slim indeed.

Armour is in Washington now "for consultation" and there was some doubt that he would return to Buenos Aires very soon because of Argentina's failure to break off relations with the Axis powers.

Hull's requirements for an undersecretary are threefold: Loyalty, ability, and the willingness to assume much of the entertainment burden from the 72-year-old secretary, with the money to do it. Armour's friends say he meets with all three.

FIGHTERS WEIGH IN

New York, Aug. 27.—(P)—Ray Robinson, the "uncrowned" welterweight champion, will have a five-pound weight advantage over ex-champ Henry Armstrong in their ten-round bout at Madison Square Garden tonight. Robinson tipped the beam at 145 pounds to Armstrong's 140 at the weigh-in today.

PENNSY REVENUES

Philadelphia, Aug. 27.—(P)—The Pennsylvania Railroad Company reported net railway operating revenue of \$60,911,031 for the first seven months of 1943, compared with \$63,378,160 for the same period last year.

No Let Up in Air
Blows on Continent

London, Aug. 27.—(P)—American medium bombers escorted by fighter squadrons attacked the enemy air field at Poix in northern France today in a continuation of daylight blows at Nazi concentrations across the channel, it was announced authoritatively.

The formations roared across the coast of Kent at 8 a. m. (3 a. m. EWT), flying at a great height in cloudless skies.

An air ministry communiqué said RAF bombers laid mines in enemy waters last night and naval aircraft damaged four enemy minesweepers in attacks on shipping in the English Channel. All the planes returned.

Last night was the third anniversary of the first big German attack on London, but the night passed without a sign of any Nazi raiders.

Flying Fortresses Smash Capua Airfields and Marauders Raid Installations at Grazzanise

SARDINIA OPERATIONS

BY NOLAND NORGAARD

Allied Headquarters in North Africa, Aug. 27.—(P)—United States heavy and medium bombers in strong force renewed their assault on the Italian peninsula yesterday with a set of scorching attacks on key airdromes. Flying Fortresses smashed the Capua airfields and Marauders raided the aerial installations at Grazzanise.

Large numbers of dispersed planes on the target fields were hit and 15 enemy fighters were destroyed in stiff running battles.

While the fortresses hit Capua, 17 miles north of Naples on a rail line, and the Marauders visited Grazzanise, in the vicinity of Naples, RAF Wellingtons also carried out night operations in the suburbs of Naples, roaring over Bagnoli with blockbusters.

In other widespread operations over Sardinia, Toe Warhawks strafed power lines, motor transport and buildings and destroyed three planes on the ground near Guspini, and bombed the harbor at Carloforte.

Mitchell medium raiders shot up the railroad junction at Locri, and A-36 invaders dive-bombed gun positions near Reggio Calabria.

Seven Allied planes were missing from all operations.

The continued air onslaught coincided with announcement of new bombardments of the Italian mainland by British warships and (Turn to Page Nine)

CHANGE HOURS FOR
STUDENT WORKERS

Philadelphia, Aug. 27.—(P)—If school interferes with the war plant jobs of some 12,000 Philadelphia pupils, then school hours will be changed for them.

While urging as many as possible to continue attendance during hours after the summer vacation, Dr. Alexander Stoddard, superintendent of schools, said classes would be arranged "at odd hours and on Saturdays for those who feel they must work."

Dr. Edwin C. Adams, associate superintendent in charge of high schools, said pupils would receive laboratory credit toward diplomas for their work experience.

CIGARETTE CAUSES
FIRE HOUSE BLAZE

Reading, Aug. 27.—(P)—A lighted cigarette thrown away by a nine-year-old boy who feared he would be caught smoking was blamed today for a \$10,000 fire which damaged the West Lawn Fire Company building.

District Attorney Warren K. Hess said the boy, traced through a book of matches found on a stairway of the building, would be turned over to juvenile court.

First Lady On
War Visit To
New Zealand

Auckland, N. Z., Aug. 27.—(P)—Adding another 6,500 miles to her travels, Mrs. Franklin D. Roosevelt arrived here today to visit American troops, hospitals and Red Cross centers, and to see New Zealand at war.

Her means of travel across the Pacific to this city, which is approximately 6,500 miles from the nearest point on the west coast of the United States, was not an uneventful one.

The president, she said, would like to be with her but was unable to make the trip. She conveyed his greetings to New Zealand.

Washington, Aug. 27.—(P)—"It's news to us," said the White House switchboard when informed early today that Mrs. Franklin D. Roosevelt had arrived in Auckland, New Zealand.

The operator, who declined to rouse members of the household, said he had no information on what the much-travelled Mrs. Roosevelt might be doing in New Zealand or where she would go next.

Citizens of Messina gave forth with a colorful welcome with flags and flowers when American forces entered the Sicilian town. In one of the first jumps to arrive in Messina was Donn Sutton, editor of NEA (in front seat), who is acting as photographic war pool co-ordinator in the Mediterranean area. His pictures are appearing almost daily in the Times-Mirror.

All Residents Are Urged To
Cooperate In Waste Paper
Collection Drive Saturday

Final organization plans for Saturday's waste-paper pick-up drive in the borough of Warren were announced today from the local Boy Scout, Girl Scout and Salvation Army offices. It is hoped that the residents of the borough will cooperate with the efforts of the troops to the extent of having their waste paper separated and tied into bundles of newspapers, magazines, corrugated cardboard and brown paper and have the bundles on the curb before nine a. m. tomorrow.

The Boy Scout troops and their assignments in covering the borough of Warren are as follows:

First Nazarene Church Troop No. 48, under the leadership of Ronald Rieder, Scoutmaster, will cover the territory between Parker street and Marion street and from the Allegheny river north to the borough limits.

The Grace Methodist Church Troop No. 2, under the leadership of Clayton Kyler, Scoutmaster, will work Irvine street east to Parker street and from the Allegheny river north to the borough limits.

The First Presbyterian Church Troop No. 8, under the leadership of Herman Hansen, Scoutmaster, between Conewag avenue east to Prospect street and from Pennsylvania avenue north to Jackson avenue.

Russia Joins
In Recognizing
Free French

Chungking, Aug. 27.—(P)—China extended today qualified recognition to the French Committee of National Liberation.

Lima, Peru, Aug. 27.—(P)—Peru officially recognized the French Committee of National Liberation today.

Washington, Aug. 27.—(P)—The seal of Soviet Russia's approval was stamped today in one of the first announced diplomatic results of the Quebec conference—formal recognition of the De Gaulle Giraud Committee of National Liberation as "trustees" of French interests.

The Russians apparently went even a step further than did President Roosevelt and Prime Minister Churchill in welcoming the French Committee into the Allied fold as the representatives of millions of Frenchmen fighting for freedom.

For the announcement from Moscow declared that the group headed by Gen. Charles De Gaulle and Gen. Henri Giraud would be recognized as the "representatives of the state interests of the French republic and as the leader of interests of the French republic and x x x of all French patriots fighting against the Hitlerite tyranny."

Enemy Makes Unsuccessful Effort to Check Russian Advance West of Kharkov

MUCH BOOTY CAPTURED

By the Associated Press

Moscow, Aug. 27.—German troops have struck at the flanks of Russian forces advancing through the Ukraine in an unsuccessful effort to check the Red army's progress west of Kharkov, it was announced today.

A front line dispatch to the army newspaper Red Star said the enemy concentrated infantry and tanks along the sides of salients which the Russians had driven into their lines and launched a number of stiff counter-attacks.

The Red army repulsed the attacks, the dispatch said and continued the reckless advance which yesterday covered another three and a half miles.

(A German communiqué, broadcast by Berlin and recorded by the Associated Press, said Russian troops supported by tanks and planes attacked south and west of Kharkov yesterday but were repulsed with the loss of more than 100 tanks.)

The Donets basin itself, the Moscow war bulletin said, the southwest army group commanded by Gen. Rodion Y. Malinovsky, absorbed frequent Axis counter-attacks south of Izyum and southwest of Voroshilovgrad, killing 2,000 of the enemy and destroying 48 tanks. Whole trainloads of ammunition and other booty were captured in rapid lunges.

Yesterday's advances by Gen. Konev's troops west of Kharkov wiped out 800 enemy rearguards, routed two battalions and captured several villages. Numerous enemy counter-attacks were beaten down.

The southwest column of Gen. Ivan S. Konev's steppe army, pounding toward the key rail junction of Lgov, killed some 600 of the enemy and destroyed or disabled 22 enemy tanks, the Soviet communiqué said. Fighting was reported heavy.

Nazis Fail to Halt
Revolt in Denmark

Stockholm, Aug. 27.—(P)—Denmark's "peoples revolt" against German occupation soared to new heights today as the Danish government and Nazi authorities reached a stalemate in their discussions on how to halt the riots and sabotage.

One hundred and twenty persons were reported arrested by Danish police yesterday as they broke up, with the aid of German soldiers, a riot in the Raadhuspladsen in the center of Copenhagen.

An undetermined number of persons were reported to have been injured.

Danish and German authorities have been conferring all week on the revolt, which started on Aug. 16.

Electric Power Saved For Warren County

Five hundred and one homes in Warren county soon would be without the modern conveniences made possible by electricity, if House Bill 809 had been passed by the Pennsylvania legislature.

The bill contained regulatory provisions that would have made the operation of the Warren Electric Cooperative, Inc., so expensive that it would have been impractical to have continued its service to Warren county's rural residents.

In the four years that the Cooperative has provided electricity to Warren county homes, many farms have been modernized with economical equipment, and the housewives have learned to depend upon numerous conveniences to help make their work easier.

The elimination of these 170 miles of electric lines not only would have meant a step backward by Warren county's farmers, but it would have cost them thousands of dollars. Every cent they have invested in electrically operated equipment would have been a complete loss.

But House Bill 809 did not pass. It was defeated through the efforts of one assemblyman. Any representative of the Pennsylvania house will verify the statement that W. W. Muir, of Warren county, was the man who stopped the passage of this unfair law.

Many of these rural residents now are coming to Mr. Muir and are offering to repay him by lending their support to his candidacy for the important post of Warren County Treasurer. It is a responsible position, one of the most responsible in Warren county, and they believe that Mr. Muir has proved he is capable of such assignments.

They are urging the rest of the rural residents who now are enjoying these benefits, to get to the polls, September 14, and cast a vote for their true representative and friend,

Bankers Hear Discussion On 3rd War Loan

Howard Reed, deputy director, investment and banking division, Pennsylvania War Finance Committee, addressed the Warren County Bankers' Association at their meeting Tuesday evening.

A large group of county bankers heard Mr. Reed point out that although banks will not participate in the Third War Loan through the purchase of bonds, that the banks and their organizations are being counted upon to help in the sale of war bonds to individuals and companies.

He stressed the importance of turning hoarded dollars into fighting dollars. "Why," he said, "some people think currency is more secure than bonds, when both are obligations of the United States of America, is something I cannot understand. The Treasury Department," he continued, "can trace the frost line from Maine to Florida by the burned and charred bills they receive for redemption as people light their stoves, forgetting those hoarded dollars they've placed in stove flues. Those same dollars converted into war bonds would be a lot safer, and make things a lot hotter for the Axis."

Citing facts and figures, Mr. Reed pointed out the urgency of the situation if inflation is to be avoided. "In the second war loan," he said, "about two billions worth of small denomination bonds were sold. In the Third War Loan the quota is five billions, and the government wants seven billions."

Co-chairman R. W. Mackay, Warren County War Finance Committee, introduced Mr. Reed. Other members of the local War Finance Committee in attendance were M. H. Deardorff, N. D. Patterson, C. A. Pettibone and K. R. Barrett.

An early meeting of the Warren County War Finance Committee is scheduled to complete plans for the September campaign.

Over Hundred Selectees At YMCA Party

Ralph H. Wagner, general secretary of the YMCA, reports that last night's pre-induction party for selectees was by far the most successful session yet held in the series. Well over 100 young men turned out for the meeting and an unusual degree of interest and enthusiasm was shown in the spirited and helpful discussion.

Presiding, Secretary Wagner presented as speaker Dr. Hilding A. Bengt, of the Warren State Hospital staff. Assisting these two in the "information please" panel which followed were Dr. H. A. Rinard, First Lutheran minister and retired army colonel, and S. M. McClure.

Afterward, a large and efficient committee of Kiwanis Club members acted as hosts for the serving of refreshments.

A SAVING nation does not invite inflation. Buy More War Bonds to assure a prosperous peace.

TIMES TOPICS

SPECIAL FORMATION FOR STATE GUARDS

Capt. Arthur F. Dickinson, commanding officer of Company B, Pennsylvania State Guard, is ordering all members to report to the state armory building on Hickory street at 1 p. m. Sunday, August 29, for a special formation.

WATCHING FOR GERMANS

State and local police are keeping a close watch in this section for German prisoners who escaped from a prison at Kingston, Ont., yesterday. There were 17 in the party that tunneled out of camp, four have been retaken. Due to the proximity of Warren to the border the police here are given all suspicious persons a keen once over.

BIG DRAFT CONTINGENTS

Warren county's two draft boards are preparing to send contingents of men to Erie within a short time for examination and induction. Both Draft Board 1 and Draft Board 2 will send the largest groups of men that have shaved off from Warren in months. Only the lists of those who pass will be published by the Boards, under the new ruling.

MAY HALT BLACKOUTS

Warren County's Council of Defense has authorized the calling off of any blackout tests should an emergency exist in this community any time such test is called. The matter came to the attention of the authorities as a result of a severe storm raging in Pittsburgh at the time of a blackout test when the shutting off of lights added to the emergency.

BEAR PICKED BERRIES

Wednesday "Duke" Lindmark shouldered his trusty berry bucket and took to the woods to garner a few baskets of berries as foundation for pies during the long, cold days of winter. Finding a patch where the bushes hung low with juicy berries Duke went to work. In no time his pail became almost filled and he stopped to wipe the honest sweat from his brow. Looking up as the sound of a wheeze came through the bushes Duke looked over just in time to see a big black bear snapping the sweat off his paw. The bear was a big one and Duke claims that he picked on one side of the bush while the bear worked the other and that he promised to bring the bear a bunch of carrots out of his Victory Garden if Bruin stayed on his own side of the bush. Be that as it may the men of the forest service say that is a scorched place down through the woods which looks as if some one had passed that way in a hurry.

Motorists Are Warned Not to Follow Firemen

Heavy smoke rolled up yesterday afternoon when the fire alarm sounded at 2:17 taking the fire department to the Royal Manufacturing Company drew out the greatest number of automobiles that have been encountered by the firemen and police in some time. The firemen in answering the alarm were forced to fight traffic from Conewago avenue to the scene of the fire. Motorists filled Pennsylvania avenue and the police department had five men on the job handling traffic. Any ban on pleasure driving was not in evidence and warning is given that a repetition of this condition will bring wholesale arrests.

The fire was a small one started when workmen of the Lippert Salvage Company of Jamestown engaged in cutting down two small tanks with torches ignited crude oil. It blazed up strongly and one of the workmen ran to the Hammond Iron Works asking for the use of a garden hose. Hammond employees grasped the situation and called the fire department. Several lines of hose were laid and the flames quenched in a few minutes.

At 4:35 a second alarm was sounded and called the emergency truck to a field on Buchanan street where children had a bon fire which had gotten out of control and threatened adjacent property. Use of the booster tank on the truck extinguished the fire quickly with no loss.

Camp Meeting Will Close On Sunday Night

The camp meeting which has been in progress for the past four weeks in Youngsville will close on Sunday evening, continuing each evening until then at 7:45 o'clock and with a 2:30 p. m. service on Sunday. The public is cordially invited for these closing services.

The big tent is located on the corner of North Main and Second streets and meetings have been very successfully conducted under the auspices of the Warren Zone, Nazarene Young People's Societies, of which Rev. Robert J. Shoff, of Union City, is chairman. Evangelist B. H. Pochok and Miss Louise Shoff, sister of the Union City pastor, have been here from Warren, O., as the evangelistic workers.

Rev. Shoff reports a wonderful spirit of cooperation shown by the townfolk of Youngsville. The United Brethren choir and minister numbering about 40 in all were the present Monday night special selections and a fine delegation from the Free Methodist church accompanied Pastor Samuel Stimmer on Tuesday night.

Vocational Adviser Named For Warren Forest Counties

Word has just been received of the appointment of T. R. Sponsler as Vocational Agriculture Adviser for the schools of Warren and Forest counties, effective September first. This position was formerly held by C. H. Wuesthoff and during the past year by P. R. Bartholme.

Mr. Sponsler comes to Warren county well qualified for this work.

Wage Loss By Absenteeism Roundly Cut

Work of the newly formed stabilization board working in conjunction with the Federal Employment office here has begun to show results. During the month of June the wage loss from absenteeism in the various group of plants operating in cooperation with the Employment office was reported as showing \$60,000 in wages lost. The wage loss to the employees was great but the loss of goods to the war effort was much heavier as the men absent from their places cost a huge sum in goods not turned out.

The stabilization board has been hard at work and the report to the 10th of August from July 1 shows the loss only \$12,000. Absenteeism is being checked in all plants and Manager David Levine of the Employment Office states that the loss will undoubtedly be smaller to the end of the month. This will cut the total down by thousands of dollars.

From all indications the freezing of employees in essential jobs will be further augmented by a law at the new congress by which the "work or fight" order recently promulgated by President Roosevelt will become more of a reality than it is at the present time.

both in his educational training and experience. He was graduated from the Pennsylvania State College in 1928 and since that time has done additional work in this institution during the summer sessions. Since graduation from college, he has been continuously employed as a supervisor and teacher of vocational agriculture, two years at Conneautville, twelve at Sugar Grove and the past year at Mount Pleasant.

Since the major part of Mr. Sponsler's work has been in this area he is thoroughly acquainted with local conditions and problems. In addition to having supervision of the vocational work in all the schools of Warren and Forest counties, Mr. Sponsler will conduct day unit classes in agriculture in the high school at Tidoute, Russell, Lander, and Lottsville. He will also organize and supervise defense classes for out of school youth and adults in both counties.

Net Tournay Reaches the Semi-Finals

The tennis tournay in progress on the local Y. M. C. A. courts has made quite a bit of headway in the last two days. Dairymple took Chimenti, although it took the full three sets to do it in, (6-4), (8-6), (6-1). Goodwin defeated Weiss (6-4), (6-4). These two matches completed the first round. In the second round Brown defeated Dairymple (6-1), (6-0). Jones won from Nelly (6-1), (7-5). One match remains to be played in this round between Sealise and Goodwin.

The winner of this match will play Brown in the semi-finals, while the other semi-final match brings Jones and Irvine together. These two matches should be worthwhile watching as the tournay has now narrowed down to the point where the cream of the

tennis crop is performing. Leonard Sealise, in charge of the tournay, announced that due to the hold-up caused by the weather, the losers' side of the bracket will be eliminated to save time. An effort is being made to complete the affair this week.

SWEDEN NEARER THE BRINK

"Something red hot—something to watch closely for developments—is the announcement by the government of Sweden that two German mine-sweepers sank two Swedish fishing boats without warning off Denmark on August 25," comments DeWitt MacKenzie, Associated Press war analyst, regarding the item carried on the first page of Thursday's issue.

He says "an angry Stockholm immediately started an investigation. Should the inquiry establish that the Huns have again perpetrated one of their cold-blooded acts of ruthlessness, it might be the explosive event which would lead Sweden into the war on the side of the Allies."

"That's not a prediction," he reminds, and continues: "I'm merely pointing to a tendency which has been pulling a reluctant Sweden nearer and nearer to the brink of the European maelstrom recently. This is one of those 'can be if' situations. One wonders in particular what the effect would be on Stockholm if the western Allies should stage an invasion of western Europe in the immediate future. It certainly would put the Swedes in a much stronger position."

"Relations between the Scandinavian country and her gangster neighbor have been standing at arms, ready for action if forced from their chosen position of neutrality."

"Now comes this fresh sensation in which the German warships are said to have fired from a range of fifty yards on the little boats. The fishing craft were flying their country's flag, and had the Swedish blue and gold insignia painted trustingly on their sides. Stockholm regards this as the worst in a series of incidents involving Germany since the sinking of the Swedish submarine Ulven on April 16, with her crew of thirty-four."

"The fact that the Nazis have been jittery in the expectation of an Allied invasion of Denmark scarcely could salve Swedish honor or indignation. That's an excuse something like the one the Boche gave after sending the Ulven to the bottom. The Hitlerites said they mistook the Ulven for an enemy craft—but they didn't make the tale stick in Stockholm x x x."

"Swedish-German relations are doing a tight-rope act over Niagara."

HOME-FRONT OPTIMISM

It is significant that the closer you get to the top of our military command, the nearer you get to the battle-front, the less talk you hear about an early end of the war. You will find the greatest optimism on an American Main street. But it grows less and less as you go up through the ranks of soldiers and sailors to the general officers in this country, then to the civilian and soldiers of Great Britain, and finally to the men who are doing the actual fighting.

So when Elmer Davis told a press conference that "nobody knows" when the war will end, it can be taken as a carefully considered statement. For the Office of War Information director is a thoughtful and level-headed man, and he is furthermore in a position to know the opinions of most of the best minds in the United Nations command.

It is natural and forgivable to overestimate the importance of good news and encouraging rumors. But it is also well to bear in mind the undoubted wisdom of this statement by Mr. Davis:

"Until the mass of the German army is defeated, the war will not be over."

SAVE THOSE STOCKINGS

Warren county women who have been donating worn out stockings to the war effort will be interested to learn that Pennsylvania has contributed more than 5,617,000 pairs of silk and nylon hosiery during the past year to put their state in first place in the campaign to collect materials for parachutes and powder bags for big field guns.

Warren R. Roberts, chairman of the State Defense Council's Salvage committee, says the Pennsylvania contribution amounted to 280,854 pounds, more than twelve per cent of the national total.

The collections "will continue in Pennsylvania just as long as they are needed for the war and until every pair in the homes of our women has been turned in," says Mrs. D. Ray Murdoch, of Greensburg, vice-chairman of the committee.

Worship Sunday evening at the Beaty school lawn and hear Rev. Wayne Furman, of the First Methodist church, deliver a sermon on a temperance theme. It will be the last of these popular outdoor services.

"Listen, Joe! If This Ain't a Second Front, What Is It?"

Washington in Wartime

By JACK STINNETT

WASHINGTON — Post-war planning is so full of trial balloons, it could well explode in our face any minute now.

For the most part, industrial plans are going to be long delayed by the change-over from wartime to peacetime tooling. The automobile industry, for example, already has served notice that the tear-drop models are well in the future and that manufacturers will pick up just about where they left off. If you are flight-minded, you will be traveling a long time in the air in remodeled Army and Navy transport planes before you'll get a glimpse of the interior of tomorrow's strato-liner.

There is one industry, however, that is ready and waiting for the peace. It's home building.

Almost all industrial surveys agree that when war ends, a wave of home buying and building will start sweeping the land.

These industrial engineers estimate that the post-war demands for new homes will amount to something like 1,500,000 a year—more than twice the 650,000-a-year pre-war requirements—and that this demand will last for at least ten years.

HERE is one industry that needs no elaborate planning. The tools of the trade already are available: hammers, saws, trowels, wrenches and pipe-benders are all over the place and good for most of those ten years.

Bricks, stone, mortar, and plaster can be had in almost any community at a moment's notice.

In spite of certain troubles that the forest industries have had in meeting wartime demands (due to shortages of wartime labor, transportation and other things), they estimate that there are at least one trillion, 500 billion board feet of saw-timber size in our forests just waiting to be used. That doesn't include timber earmarked for use as fence posts, railroad ties, pulp, shingles, fuel, etc.

Out of that forest backlog, the industry claims, we could build approximately three homes for every family in the nation.

THAT brings us down to the probability that post-war housing will provide the greatest single source of employment immediately after this war. I haven't been able to obtain exact estimates on the number to be employed, but when you think in terms of 1,500,000 homes a year, with all the nails, bolts, electrical supplies, bathroom fixtures, plumbing, hardware, new furnishings, and whatnot that will go into them, you can find little reason for prospects of unemployment. Some say that the whole of our armed forces could be used in constructing postwar homes.

As for the home of tomorrow, don't look for any freakish designs. Building industry leaders here say they will be strictly utilitarian, with all the modern conveniences, considerable prefabrication, one and two-car garages attached, possibly movable interior walls. The average house will be smaller, but it will be a private, resident-owned dwelling, detached from its neighbor.

Hollywood Gossip

By ROBBIN COONS

HOLLYWOOD—Mr. Don Loper, aged 36, looked upon Metro-Goldwyn-Mayer and was not pleased. He said he was going to take it up with M-G-M, his boss, and get some satisfaction or else.

One time in New York Mr. Loper, who is a blithe, uninhibited individual, looked upon Veronica Lake and was not pleased. He walked by her table in a restaurant and said firmly, never having met her, that her peek-a-boo bang was something awful and she should wear her hair up, like this.

Mr. Loper did not have to introduce himself to Ginger Rogers at Ginger's wedding. He had danced with her in "Lady in the Dark" and he had designed the picture's "dream" sets. What he said to Ginger before the wedding was that she couldn't possibly wear her hat like that, she should wear it back, like this, and he showed her, Ginger said she'd have to have her hair done differently, and Don said fine.

"I am a whack," he explained all this in his M-G-M office. "I keep thinking my mission in life is to help people."

MR. LOPER, in a mood admittedly black, indicated he felt like helping M-G-M, where he works. He works there under a six-way contract which calls for his talents in half a dozen directions, including dancing, designing, directing, "styling," and a couple of others I forget.

"I picked this studio as the best of them all," he said. "They gave me this six-way deal, and right now I'm what they call assistant producer on three pictures—

"Broadway Rhythm," "Mr. Coed" and "Two Sisters and a Sailor." This means, I gather, that I am stuck pleasantly out of harm's way."

At this best of all possible studios, Mr. Loper was finding the going tough, the resistance practically impregnable, and the confusion "amazing—just divine." He warmed up to his pet ambition, which his contract permits, to be a "stylist" of pictures, i.e., to plan and make a movie as an artistic whole.

"I'd follow the round-table idea," he said, "so that everybody concerned in the making would know what I was driving at. Then if I were striving for a certain effect it wouldn't come as a complete surprise to the cameraman, say, or the art department. As the art department..."

Mr. Loper designed a set for "Broadway Rhythm," it seemed, which he was told was wonderful. But the art department made some changes, and it wasn't Mr. Loper's setting any more. Everybody was so sorry. Then Mr. Loper designed a setting using fuchsia—and wood-violet stripes.

They had to send out for a fuchsia flower to get the color and after this the color people said they'd have to use dusty pink instead of fuchsia so it would come out fuchsia on the screen. So they did, and it came out dusty pink, and by this time Mr. Loper was talking to himself.

"They're a grand medium, pictures," he said. "Some day Hollywood is going to take advantage of it."

Our Merchant Marine

Pepper and Spice

Salem, Mass., so dominated the Pepper and Spice Trade that the Dutch East Indies became known as the 'Salem East Indies'.

Salem ships combing the East Indies and South Sea Islands for sea snails, birds' nests, pearls, shell and sandalwood, for the China trade, found wealth in pepper, whose source was then a native secret.

Captain Jonathan Catnes of Salem, in 1796, accidentally discovered pepper's source in Sumatra. America soon cornered the Pepper trade. In 1805 alone, Salem reshipped to Europe 7,550,444 pounds.

American merchant ships, managed by private companies, are now carrying tanks and planes for use in driving the Japs out of those same East Indies which played so important a part in our national economy.

—SUNDAY SERVICES IN WARREN CHURCHES—

CHURCH NOTES

Pastor Martin Hamlin, home from vacation, will occupy the pulpit in Calvary Baptist church at 11 a. m. Sunday.

Pastor Carl Gronquist announces these meetings scheduled at Bethany Lutheran church in Sheffield in the coming week: Wednesday, 2:30 p. m., Women's Missionary Society; 8 p. m., Choir rehearsal. Friday, 8 p. m., Luther League. In Ludlow, these Moriah units will have meetings: Thursday, 8 p. m., Young Woman's Missionary Society. Friday, 2:30 p. m., Ladies' Aid.

Outdoor Service On Sunday Night

Weather permitting, the Warren County Ministerial Association's special service committee will sponsor its final outdoor worship service on the Beatty school lawn at 7:30 p. m. Sunday, August 29. This series, conducted during the months of July and August, has proved unusually successful, with fine message from local pastors and beautiful music by representative choirs.

Speaker for Sunday night will be Rev. Wayne Furman, pastor of First Methodist church, who has prepared a temperance gospel message on the theme "America's Most Dangerous Saboteurs". His choir will provide the musical selections.

In case of rain, afternoon on Sunday, as the usual custom with these services, the audience will assemble in First Lutheran church, East street and Third avenue.

Ceremony in Texas For Local Couple

In a double ring ceremony at 7:30 p. m. Saturday, August 21, in Sacred Heart rectory at San Angelo, Texas, Father Alcui united in marriage Lois Elaine Schmatz, daughter of Mr. and Mrs. John J. Schmatz, 112 Conewango avenue, and Lt. Floyd B. Kifer, son of Mr. and Mrs. Harry Kifer, 5 West street.

The bride wore a two piece dress of aqua, white accessories and corsage of red roses. Her attendant, Mrs. Helen Malm, of San Angelo, was dressed in tan with white accessories and corsage of pink roses.

Immediately after the ceremony, dinner was served at the Cactus Hotel for the bridal party and the bride's parents, who accompanied her to Texas. Mrs. Kifer is a graduate of Warren High School in 1941 and Lt. Kifer in 1938. He has been in the Army Air Forces since August 24, 1942 and is now located at Goodfellow Field, at San Angelo.

Among those who entertained for the bride-elect were the following: girls from the office of the Warren Axe and Tool Company; Miss Betty Shearer, Mrs. James Parish, Ann Randall and Mrs. John Schmatz.

Russell Couple To Have Anniversary

It will be welcome news to many in the community that Mr. and Mrs. Henry Sears, of Russell, will celebrate their golden wedding anniversary on Sunday, September 5. Their two nieces and nephew will hold open house for them in observance of the milestone and all friends are informally invited to visit the Sears home from 3:00 until 8:00 p. m. on that date.

The couple have resided in Pine Grove township the greater part of their married life and a wide circle of acquaintances in that vicinity and throughout the county will join in wishing them many more happy years together.

Social Events

SHOWER GUEST

Mrs. Minnie Foster, Mrs. Maxine Foster and Mrs. Elsie Bruno were hostesses for a miscellaneous shower which honored Mrs. Robert L. Foster, the former Helen Carlino and a recent bride. Various games occupied the evening, with prizes awarded to Mrs. Violet Ahlquist, Mrs. Quackenbush and Miss Doris Dinsmoor.

Following a buffet lunch, many beautiful gifts were presented to the honored guest from the following: Violet Ahlquist, Doris Dinsmoor, Mildred Engard, Margaret Quackenbush, Joette Tuttle, Lucille Keler, Mrs. M. J. Keller, Mildred Wilson, Ethel Sherwood, Dorothy Landers, Verna Conway, Mamie Bruno, Anne Bruno, Muriel Carlino, Cloy McMillen and the hostesses.

MARTHA SOCIETY

All Martha Society members of the Emmanuel Evangelical and Reformed church are asked to meet at the home of Mrs. W. Painter at eight o'clock Monday evening.

Erie Conference WSCS Members Will Gather Here

At yesterday's meeting of the First Methodist WSCS, held in Dunham parlors, the president, Mrs. E. S. Briggs, announced some of the preliminary plans for the annual meeting of the WSCS of the Erie Conference.

This gathering will be in the form of two-day sessions in First church here on Wednesday and Thursday, October 6-7, with the units of Grace and Epworth parishes cooperating with the women of the hostess church.

Representing the entire Erie Conference, the annual sessions will bring here between 200 and 300 women of the surrounding area, together with some of the leading missionary workers and church leaders of the denomination.

The above announcement was made during the brief business session which followed a very informative address of the juvenile problem in Warren county, delivered by Judge Allison D. Wade.

Mrs. Franklin Riggs had charge of a devotional period after which Mrs. Isaac Reed presented Judge Wade. He cited many specific court cases, told what was being done along the lines of correcting the juvenile delinquency problem and led an open forum in which he answered many questions concerning the child, his background and the responsibility of the civic and church groups toward his future.

Matter of Guarantee Reason For Cancellation of Forge-Corry Championship Series

The National Forge baseball team submits the following which explains why the series with the Corry Merchants was called off:

Just a few lines to clear up the mess between the Corry and Forge in the championship series. Just to make it brief and to the point, it all concerns a matter of guarantee. The guarantee that was to be paid Forge amounted to no more than could be gotten from Kane, Jamestown, or Chautauqua. Forge earlier in the season played one game, the tail-end of a double-header for the price that would be little any team of a lower calibre.

Inasmuch as Forge, for many years has been one of the outstanding teams in the entire section, the management thought and justly so, that it should be in a position due to its drawing power, to at least receive a decent guarantee. In this case a \$50 guarantee would have been sufficient. Corry owed Forge another home game and last year owed a home game or a guarantee of around \$50. Due to difficulties this year Forge found it would not pay a team to travel to Corry, and demanded of the Corry management a guarantee of \$50, considered acceptable. Corry called a meeting for the players and decided that Forge did not come for a price of \$50 the game would be cancelled and Corry would concede the championship.

Corry had played the Forge here last Sunday for \$30. This game, however, made it twice that Corry had come to Warren for \$50, while Warren had traveled to Corry three times, or rather three games for \$30, \$50 and \$10. Corry has played Forge at the State Hospital but Forge receives no payment for these games which are only played for entertainment of patients. Forge players, as well as fans, are sorry to hear of the cancellation.

ion, but again Forge management wishes to inform the public that a team of the calibre of the Forge would not think of playing games with a guarantee as low as \$30. Forge has been informed that all bleachers will be torn down at Russell Field this week and moved to the outfield, making it impossible for Forge to play any more games there this year.

The team is playing at the State Hospital this evening at 6:15 o'clock with the Hope Windows of Jamestown. This will be the last game of the season for Forge, or at least as far as is known at present. Efforts are still being made to secure a game either with the Gunners of Erie, Simon Pures, of Buffalo, the Dayes Club of Niagara Falls, and would like to play one of these teams on Wilder Field in tribute and honor to the memory of the man that made baseball possible at the Forge.

Keep your eyes on the sport section of the Times-Mirror for further information concerning one of these games.

Small Squad Is Practicing At Bradford

Punting, passing, blocking and tackling, along with regular calisthenics comprised the opening day's practice session for candidates for the Bradford high school football team Wednesday, according to the Era. Coach Bob Pfing, starting his twelfth year as head of the Owls, greeted forty candidates at the first sessions.

The Bradford boys will continue to practice twice daily until school starts on September 7th. After that the practice sessions will be cut to afternoon workouts. The first game on the schedule is slated for Friday evening, September 17 with the DuBois High as opponents.

The Owls faced with the shortage of manpower because of the selective service act, will be made up of the youngest players ever to don the red and black colors. Only two lettermen of the 1942 squad are back this year.

Coach Pfing is being assisted in rounding out a team by Joe Smith, Ward Meyers and Francis "Rock" Denning.

K. of C. League To Open On Sept. 17

The K. of C. Bowling league was organized this week by the election of J. D. Quinn, president, H. R. Henderson, secretary, and Scotty Scalise treasurer.

It was decided to open the season Friday evening, September 17th. There will be four teams in the circuit and matches will be rolled at the Arcade alleys.

Another meeting will be held next Tuesday evening for the election of captains and other business to conclude arrangements for opening the season.

The teams will be named after colleges, the same as last year, including Fordham, Holy Cross, Santa Clara and Notre Dame.

New Football Coach Named For Franklin

Through the election of Robert T. Robb, football and basketball coach at DuBois high school for the past six years, as teacher in the high school Franklin seems assured a football team this fall and will be able to play the scheduled game with Warren later in the season. Robb will be assigned as football coach, replacing Allen H. Tripp, who resigned to take a coaching position at Nyack, N. Y. Says the News-Herald:

The election of Robb, who has had 12 years of experience at DuBois and Reynoldsville, will eliminate rumors that the Nursery would abandon football this year. Robb was selected over several other candidates for the position. The resignation of Tripp and the illness of Athletic Director E. W. Treadwell placed Franklin in a rather questionable position in a matter of continuing football this year, but the board feels that it has made a good choice in Coach Robb and that the school should have a fairly good football season.

Coach Robb, 38 years of age, is a native of Lock Haven, Pa., and a graduate of Lock Haven State Teachers College. He served as football and basketball coach at Reynoldsville High School for six years before going to DuBois. At the latter place for six years he has coached both sports and last year served as head basketball mentor and assistant in football. He comes to Franklin highly recommended as a coach and teacher. He will be assigned to physical education classes here in addition to the coaching duties.

The board accepted the resignation of Coach Tripp with deep regret. Tripp has said that he regrets leaving Franklin, but feels that the Nyack position has been offered a considerable advancement that he cannot afford to refuse.

HAD GOOD LUCK IN CANADIAN LAKE

"Bob" Johnson, basketball player, golfer, discoverer of Goliath, a record sized black bear, angler de luxe and erstwhile sportswriter on the Times-Mirror has returned after a two week's sojourn in Canada at Owen Sound. "Bob" was recuperating after a round with old general debility and did some high and lofty fishing. He returned with a fine lot of fish stories and evidence to prove them true as he had 35 pounds of finny fellows. Some of the fish were of large size and attested to the ability of "Bob" as an angler or perhaps to the ability of the guide at the camp.

Over a three-day stretch in the American League next Monday, Tuesday and Wednesday, for instance, the total activity will be limited to one game between the New York Yankees and Boston Red Sox. National League games also are rationed, although not quite so stringently.

Target of Bums

It would be just as easy for Brooklyn infielders to miss the side of a barn as to miss Howie Schultz, their new first baseman from St. Paul. Schultz stands six feet six and a half inches, covers area of 315 square feet, with a spread from left to right of 16 feet and and a half inch and an altitude of 10 feet 3 inches.

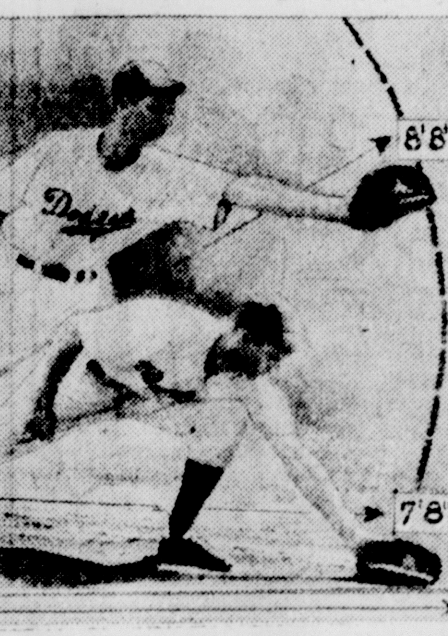

Stretch Schultz gives Dodger infielders a large target regardless of in which direction he has to go.

Despite his tremendous height and 195 pounds, the 22-year-old Schultz has body balance, is a superlative fielder. Basketball playing at Hamline College of Minnesota helped Schultz' ball handling. Schultz is a power hitter of good speed. He was one of the most sought players.

Penn Bowling Center Ready For Opening

Penn Bowling Center opens its second season tomorrow evening at six o'clock, with the alleys resurfaced and the best of everything for the pleasure and comfort of bowlers who patronize the place. Leagues are being organized and all signs indicate that in spite of the war and the large number of young people who are in the armed forces Warren will experience another successful season on the runways.

The Industrial League, one of the oldest and best, under the capable leadership of Bernard Joy and Marshall Johnson, will start the season about the middle of September.

It is understood the Commercial and City Leagues are still in the organizing stages and will probably start early in October.

President Jeannette Harvey, of the Ladies' League, is also busy organizing that circuit and everything seems to point to an enjoyable fall and winter for all. It will be a pleasing news for bowlers to learn that Harry Bittenbender, the proprietor, has announced Pete Juliano will return to the alleys as manager.

Armstrong Is Underdog In Fight Tonight

By TED MEIER
New York, Aug. 27.—(P)—Veteran Henry Armstrong—the man of 1,000 punches—hops into the Madison Square Garden ring tonight a 3 to 1 underdog against youthful Ray "Sugar" Robinson in a scheduled 10-rounder packed with human interest.

Armstrong is not the fighter he was at the height of his career, but there are very few around who know all the infighting tricks he does or can equal the number of punches he throws. On the other hand, Robinson has been in the army six months and has not had as much opportunity to train.

Mr. and Mrs. Harry Kays and Mrs. Fern Hinsdale spent last Fri-

day night and Saturday in Erie. Mr. and Mrs. Frank Ellis and son were honored at a farewell party at the Thompson Hill school house on Tuesday evening. A large crowd of neighbors and relatives were present to extend their good wishes in their new home. They are leaving soon to make their home in the state of Washington, near Tacoma. They were the recipient of a purse of money. Mr. Ellis has disposed of his property here.

Mrs. Mary Beck spent a few days last week with her daughter, Mrs. Ruby Ongley at Titusville.

Forest Cemetery Society was entertained at the home of Mrs. Mary Beck last Thursday. Business meeting was in charge of the president, Mrs. Cecil Cowles. Action was taken to use the penny collection for two meetings as donation to the Lander Service Club.

Mrs. Nora Hinsdale will be hostess

to the September gathering. Mrs. Beck served lunch.

Dr. and Mrs. Ralph Knapp of Youngsville were dinner guests on Sunday of Mr. and Mrs. Fred Ludwick. Other visitors on Sunday were Mr. and Mrs. Robert Knapp and son of Youngsville.

Mr. and Mrs. Walter Reifersall and Mrs. Inez Briggs of Jamestown spent Sunday with relatives here. The Thompson Hill neighborhood held a house warming for Mr. and Mrs. Miner Satterlund at their new home recently built on Saturday evening. Mr. and Mrs. Frank Ellis who are soon leaving for their new home at Tacoma, Washington were also honored at the occasion. A picnic supper was served and dancing was enjoyed later in the evening.

DEFENSE COUNCILS TO AID WAR LOAN DRIVE

Harrisburg, Aug. 27.—(P)—Volunteer workers in Pennsylvania's 1,200 local defense councils will cooperate with community war finance committees during the Third War Loan drive, starting Sept. 9.

Dr. Ralph Cooper Hutchison, director of the State Council of Defense, instructed local groups to help by performing such duties as door-to-door canvasses. Local Defense Councils also were urged to cooperate in the national housing agency's program to improve shelter accommodations in congested war areas.

FALL BELIEVED CASE OF FARNSWORTH DEATH

Hollywood, Aug. 27.—(P)—A fall downstairs at his New Hampshire farmhouse last June probably caused the death Wednesday of Arthur Farnsworth, husband of Film Actress Bette Davis. Dr. Paul Moore has announced following an autopsy.

Farnsworth was found unconscious on a Hollywood boulevard sidewalk Monday.

The physician said last night he had learned from Miss Davis that Farnsworth slipped when he started downstairs, without shoes, to answer the telephone in their farm home near Farmington, N. H., two months ago.

RENOVED MURAL SAFE

London, Aug. 27.—(P)—A Reuters dispatch from Switzerland today said the renowned mural, "The Last Supper," of Leonard Da Vinci escaped damage in recent RAF raids on Milan, but the walls of the Santa Maria Delle Grazie church where it is housed were reported near collapse.

the enemy's first serious attack on Algiers' defenses, dropping bombs in and near the city shortly before dawn. The damage was officially termed negligible and three of the raiders were shot down. There were a few casualties.

Fortresses, escorted by Lightnings, dropped thousands of fragmentation bombs and many tons of high explosives on Capua's airfields in the same pattern of attack which laid waste the master airbase and its satellites at Foggia the day before.

A British naval force bombarded a railway and bridges in the vicinity of Locri on the east coast of the toe of Italy Tuesday night, a naval communiqué announced today.

Mountbatten Maps Pacific Squeeze Play

(From Page One)
With the whole program obviously involving amphibious operations, Mountbatten conferred yesterday with navy officials.

Speculation turned meanwhile on the identity of the American army officers who will serve under him. Mountbatten probably will leave Washington tonight or tomorrow, and it is thought likely that while he is in London the British government will promote him from vice admiral to full admiral, in keeping with the independent combat theatre command which has been given him.
